

Color in its
most beautiful dimension
C + P color concept.

C + P color moods and effects

Everything doesn't have to be gray in life! On this page, we show you examples of color moods that you can create with the C+P range of colors. You can use them to create an elegant, clean, harmonious or natural spatial atmosphere entirely according to your needs.

Even these few examples show: C + P presents steel in its most beautiful form.

Color concept

Color group 0

Surcharge-free body and front colors

Color group 1

Surcharge for bodies / no surcharge for fronts

Expert paint work

No surcharge!

With the C+P color concept, 144 color combinations are available at no additional charge.

For body colors of color group 0, all front colors of the color concept are available with no surcharge.

Lots of color, not a lot of money.

For body colors of color group 1, the additional charge for color is 15%.

This enables you to make exciting worlds of color a reality without putting too much strain on your budget.

Special colors? Absolutely!

Paint finishes in all RAL colors outside the C+P concept are also possible.

The color surcharge for this is 25% (minimum order: 5 lockers).

Subject to technical testing and availability.

Feel free to send us your requests.

Important notes:

These color charts are intended solely as a guide to the approximate impression of the colors. For more exact color representations, please consult the RAL color chart or the original samples. Colors are subject to deviation and do not constitute grounds for complaint. We cannot accept any liability for printing and representation errors or flaws. All depicted decors, colors and surfaces are available as standard. Other versions (e.g., for contract furnishing) are available on request. The color surcharge system on page 48/49 applies only to furniture where the body and fronts are each coated in a **single** color. For other variants (e.g., different front colors on the same cabinet), please let us know your specific project details. **Please note that various product groups have their own selection of colors and** are not coated according to the C+P color concept. You can recognize the respective products by the individual color information provided on the respective pages of the catalog. Underframes are supplied in black gray as standard. We always coat shelves, hanging frames etc. in light gray, unless otherwise specified in the product series. Zinc-plated shelves are uncoated. For the color **RAL 9006 White Aluminum**, the RAL Institute has no uniform template and definition so that, despite having the same name, there may be color differences when compared to other materials, previous production batches, different coating procedures or third-party products.

C + P decor fronts

- + HPL (high-pressure laminate) is available with a classic wood look or in single colors.
- + HPL is scratch-proof, non-porous and impresses with its high stability.
- + The door is 100% moisture-resistant and features outstanding hygiene properties!
- + MDF (medium-density fiberboard) decors are also available.

Evolvo PLUS
Body: RAL 7016 anthracite gray
Doors: Sereno oak

Evolvo PLUS
Body: RAL 7016 anthracite gray
Doors: Silver spruce

Decor fronts (MDF) decors

with black edge, 18 mm

Solid-core decor fronts (HPL)

with black solid-core edge 13 mm

Important note:

All of the specified decors within a top type are available with no surcharge!

The birch gray VK 741 decor is similar to light gray.

The core of the HPL top is always black.

C + P office furniture decors

Add a special touch with wood decors. Whether it's classic maple, acacia or light gray or a more modern appearance with a concrete look or in diamond white, add some color to your office!

Choose between DBS decors (melamine coated particle board) for the respective occasional cabinet and table ranges and HPL decors (high-pressure laminate) for optional solid-core top covers of the Asisto steel cabinets.

Important note:

All of the specified decors within a top type are available with no surcharge!

The birch gray VK 741 decor is similar to light gray.

Decors (DBS)

with edge band 25 mm

Synchro decor tops (DBS)

With 25 mm edge band, only for tabletops of the Asisto sit/stand tables

Synchro decor

Is it real wood or a decor?

The synchronous decors Synchro oak light/dark impress with their incredible feel and look. The surface structure runs synchronously with the wood grain, giving the impression of real wood. Not only does it look real, but it also feels real!

Solid-core top covers (HPL)

With 13 mm black solid-core edge

Striking x diverse x colorful
The new color concept.
